We're committed to food safety.

We never like it when it happens, but occasionally we are notified of products that need to be pulled from our shelves. We are serious about food safety and take immediate action when notified by our distributors or the **FDA** or **USDA** of food recalls. North Coast Co-op is committed to ensuring food safety, so we post signs in our stores and call each of our member-owners who have purchased the recalled item.

Listed below are recent recalls and alerts for products carried by North Coast Co-op. We encourage anyone who has purchased these products to return them to either of our locations for a full refund. If you have questions about the product or how to return it, contact Customer Service at either of our stores: Arcata (707) 822-5947; Eureka (707) 443-6027
